

Understanding colour or colour-mixing course

July 7th or 14th £100 includes all materials.

9.30am until **5.30pm** please note this extended time.

In this course we will be mixing and making charts of colours. These are very useful for reference for artists and designers to be able to mix colours in the future.

Secondary and complimentary colours - browns, greens, violets, ochres and many others. Coloured greys and blacks.

Demonstrations using 7 inks to mix the main colours with all materials provided.

Wet wipes are useful for cleaning.
