

**Photopolymer etching or gravure (also known as solar print)**

**Mondays or Fridays on request. This is a popular technique that is very diverse and rewarding.**

10am – 4pm Email a photograph to be printed onto digital film or bring a drawing / painting on true grain film.

£100 includes materials for A4 plate, paper and film.

Reproduce drawn, painted or photographed images. Create a wide tonal range or deep linear grooves depending on image and exposure. A quick non toxic technique -the image is transferred onto the plate using only a light box and water! Suits all abilities.
